12 APR 1982

Dear Mr. Harr:

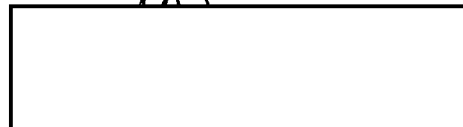

Thank you for your kind letter of 2 April 1982 asking for my participation in an upcoming symposium on the export of technology and technological goods.

You are correct that this issue is an extremely important one for Federal officials and for businessmen. I have watched this issue closely over the years and I have a great deal of interest in it.

Unfortunately, however, the pace of my duties as Deputy Director and the scope of my commitments effectively precludes my participation in what surely will be a stimulating day.

Although I will not be able to attend, my interest continues and, if it were possible, I would appreciate a written overview of the session whenever it is created.

Sincerely,

B. R. INMAN
Admiral, U.S. Navy
